

La-Z-Boy Chooses Versatile's *Mobiquity Kiosk*[™]

Mechanicsburg, PA August 9, 2007 - Versatile Systems Inc. (Trading symbols on the TSX Venture Exchange: VV and on AIM: VVS) today announced that La-Z-Boy Furniture Galleries has chosen the *Mobiquity Kiosk*[™] system to provide their customers with a convenient, easy to use, secure means by which to apply for in-store credit.

Versatile's *Mobiquity Kiosk*[™] allows the consumer to enter a few key pieces of data and, in a matter of seconds; the consumer receives a voucher indicating their in-store credit availability. The consumer no longer has to provide sensitive, personal information to the sales associate or be burdened with the lengthy manual process. Because the system interfaces seamlessly with the credit provider the consumer is protected from the potential of identity theft.

"La-Z-Boy continually strives to delight our Furniture Galleries' customers. Our goal is to ensure an exceptional experience for each and every customer, one customer at a time. Replacing the antiquated pen and paper methodology of credit application with one that is private, fast and employs secure technology is just one more way we can achieve our objective of a comfortable furniture shopping experience," said Doug Collier, Chief Marketing Officer of La-Z-Boy. "The customer finds the quick approval process convenient and simple and it frees up their valuable time to focus on creating the rooms of their dreams with our sales and design associates."

La-Z-Boy, an innovator in the furniture industry, celebrating 80 years of comfort, once again takes a leadership position in providing, safe, secure and convenient access to consumer credit by deploying Versatile proven *Mobiquity Kiosk*[™] solution.

Consumers are increasingly demanding self sufficiency when dealing with routine processes, such as those involved with credit applications, in exchange for higher levels of personal service in the businesses core areas of expertise. The deployment of the *Mobiquity Kiosk*[™] system will allow sales personnel to better focus on increasing service levels in the critical areas of product education and interior design.

"We couldn't ask for a better partner," said Bob Joyce, President of Versatile. "La-Z-Boy Furniture Galleries is a forward thinking retailer that is committed to the highest level of customer service and recognizes that technology can play a major part in achieving that goal."
