

Kiosk Options

THE ROCKLAND

Versatile Credit has developed a series of kiosks that provide an engaging and easy-to-use screen for customers to interact and apply for credit.

The Versatile Rockland Kiosk includes a floor standing, steel enclosure with a black powder coat finish, Versatile Smart Sign Engine, 17-inch LCD touch screen display, integrated Altec speakers, magnetic stripe reader, and an 80 mm Zebra thermal printer.

Ideal for In-Store Credit and Digital Signage where you have space to promote your brand.

The Rockland Faceplate can be fully customized to match your brand or instore merchandising. Design it yourself or work with our Creative Services team.
